25X1

Thank you for your letter of February 2, 1948; we were anxious to hear from you.

Since your clearance for appointment has expired during this delay, you will have received from the personnel office a request for a supplementary personal history statement. When this statement has been received and checked, you will be notified to report to Portland for temporary duty. After a period at Portland, you will be sent to Reseda (in the San Fernando Valley, about fifteen miles from North Hollywood) to complete your orientation before leaving for the islands. Ten days of leave to wind up your personal affairs can be arranged during this time.

Please keep me informed of the date when you will require this leave and when you will be free to ship overseas.

Very truly yours,

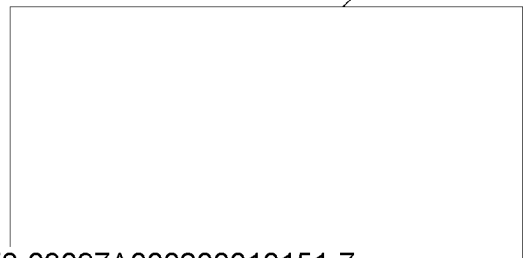

25X1
